SUPERVISORS NAME ELECTION OFFICERS

PLANS AND SPECIFICATIONS ADOPTED FOR REBUILDING ROAD TO PESCADERO.

Citizens of Beresford Petition the Board to Establish a Highway Lighting District.

The Board of Supervisors met in special session Monday, July 27th, there being present, Wm. H. Brown, presiding, Jas. T. Casey, John MacBain, Joseph M. Francis. Absent D. E. Blackburn.

Edward E. Price of San Mateo, aged 66 years, applied for aid from the indigent fund, representing that by reason of old age he was unable to earn a livelihood

On motion of MacBain, seconded by Francis, he was granted $8 per month.

Charles Curtin of Menlo Park was declared off the indigent list after July 1st on motion of MacBain, seconded by Francis. MacBain agreeing to have him sent to the County Hospital.

At the request of Sheriff Mansfield it was ordered, on motion of MacBain, seconded by Casey, that the claim of F. L. Barney for $30 be rejected, the sheriff agreeing to present a personal claim for the amount.

Surveyor Neuman presented plans and specifications for constructing that portion of the county road in the Fifth Road District from San Gregorio to Pescadero. The specifications include grading, surfacing and the construction of culverts and fences. The plans and and specifications were adopted on motion of MacBain, seconded by Casey, and the Clerk directed to publish the notice to contractors.

Richard E. Callahan of Beresford presented a petition signed by F. L. Clark and twenty-seven other residents and taxpayers of Beresford, asking that a highway lighting district be formed at that place.

Mr. Callahan was sworn and testified that all of the signatures to the petition were genuine.

MacBain and Casey stated that they had both received letters from property owners requesting that should such a petition be received it be laid over until the opposition could be heard.

Mr. Callahan stated that he had no objections to a continuance for a reasonable time and it was ordered by the chairman that the matter be laid over until the regular meeting August 3d.

"ALMOST STARVED" NO EXCUSE FOR SPEEDING

Just because a woman is "almost starved" is no excuse, in the opinion of Justice of the Peace H. W. Lampkin, for a man to break the speed laws to get her home. Accordingly P. H. Watson, a San Francisco clubman, who was driving the machine of Mrs. Alice Belle Weiss at fifty miles an hour Sunday afternoon, because Mrs. Weiss was hungry, was fined $15 Thursday. Mrs. Weiss is a resident of Hillsborough and cousin of the Weiss boys, famous Southern California polo players.

"I was almost starved Judge, and I simply had to ask him to hurry a little," pleaded Mrs. Weiss.

"Brave man," replied the Judge, "he saved a woman's life. That ought to be worth the $15 I am going to fine him."

Mrs. George Deleau and little daughter have returned from a two-weeks' visit to Mrs. Deleau's parents in Alameda.

Large tract of land in southern Oregon now open for settlement. Good climate, rich soil, irrigation unnecessary to raise the finest crops. For large map and full information and instruction, send $1.50 to John Keefe, Corvallis, Oregon, two years a U. S. surveyor and timberman. An opportunity to get a good fertile, free homestead, near small town and railroad. adv't

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

For U. S. Senator,
SAMUEL M. SHORTRIDGE.
For Governor,
JOHN D. FREDERICKS.

A vote at the primaries for C. D. Hayward for County Assessor means a vote for the retention of an official who has always been just and conscientious in the discharge of the duties of one of the most difficult of our county offices. From long experience Mr. Hayward has become thoroughly familiar with the valuations of county property and at his hands every owner of property, be it large or small, can be assured of equitable treatment.

S. J. Conde, a prominent mining and real estate operator of Los Angeles and a Democrat, says regarding Captain Fredericks: "Captain Fredericks will receive more Republican votes in the August primaries in Southern California than Governor Johnson will get on the Progressive ticket, notwithstanding that there are three candates running against Fredericks and Johnson is the only Progressive candidate."

J. F. Parkinson, Republican candidate for State Senator from the district including the city of Palo Alto, deserves well at the hands of the citizens of the college city, for no one has done more for the people of Palo Alto than Mr. Parkinson He has always been a loyal Republican, true to the tenets of the old party, never finding it necessary to desert the ship and espouse the cause of some new-fangled party carrying false colors. We earnestly hope Mr. Parkinson will be elected. He can do more for his district than any other man in Santa Clara county.

If a record of services faithfully performed counts for anything in a public official, H. O. Heiner should receive a practically unanimous vote for County Recorder at the primary election. During the term that he has occupied that office its work has been so thoroughly systematized that not alone has the business been conducted promptly and with the utmost satisfaction to those having dealings with the office, but it has been made a source of profit to the county. Especially adapted, both by nature and training, for the work of a county recorder, he is an official whose services the county could ill afford to dispense with. A record such as that made by Mr. Heiner is one the voter interested in the welfare of the county cannot afford to overlook.

Charles D. Swan of Modesto, familiarly known as Charlie Swan in Stanislaus county, is a candidate on the Republican ticket for the office of State Treasurer, and we earnestly recommend his candidacy to the voters of this county as being well fitted for the office to which he aspires. A good many Redwood people have property interests in Stanislaus county and have constantly come in touch with Mr. Swan in his official capacity as president of the Union Savings Bank of Modesto, and all who have done so speak of his unfailing courtesy to them and his ever readiness to assist them in all that he possibly could, and they will be a unit when it comes to voting for Charlie. He stands extraordinarily well in his home county and will undoubtedly poll a tremendous vote there, and we hope our readers will cast their votes for so worthy a candidate as Charlie Swan appears to be.

In these days, when politics cut no figure in the selection of county officials, the voter must be governed, to some extent at least, by the personality of the aspirant seeking his support. While this may not always be an advantage to the candidate, instances occur when the change in method should result in increased majorities. An illustration of this is the case of P. P. Chamberlain, who is seeking re-election to the office of County Treasurer. A pioneer of the county, Mr. Chamberlain has been closely connected with its business and social growth. From its earliest history he has in some way been identified with almost every important enterprise looking to the betterment of its industries. At the same time he has been, without ostentation, one of the foremost workers for the social uplift of the community, ever ready to assist the deserving in their struggles with the ills which so often beset the pathway of life. When to these considerations is added the fact of an untarnished record of long years of faithful service as a public official, it need not be surprising if Mr. Chamberlain receives a practically unanimous vote at the coming primary election.

Jack London's Play Coming

For next Monday evening's extra special program at the Bell theater Manager Nathhorst has secured Jack London's noted production, "John Barleycorn," a strong moral drama presented in six splendid reels. For this evening only the prices will be 10 and 20 cents. Saturday and Sunday's popular priced programs, besides the usual five reels of pictures, will include a number of refined musical specialties by the Duffy Sisters, costume singers of considerable note. The feature for Wednesday evening will be a continuation of the serial story of the "Perils of Pauline." There will be a complete change of high class pictures each evening, and with the single exception of Monday, popular prices will be the rule.

WOODSIDE AND PORTOLA

Mr. and Mrs. Justin Byers of San Jose spent the week end at the home of Mrs. Ed. Romero at Woodside. Mrs. Byers was formerly Miss Geraldine Oswald of Santa Clara and before her marriage taught in the Woodside school. Her many friends at Woodside were sorry to lose her as a teacher but all join in wishing her a long and happy married life. Mr. Byers is in the automobile business in San Jose.

Supervisor John MacBain has appointed the following election officers for Woodside for the primary election on August 25: Polls at Independence Hall. Judges, Walter Knight, John F. Fells. Inspectors, Frances M. Early, Margaret C. Mowwe, Clerks Milicent Gish and Clare L. Jenkins.

Supervisor John MacBain is receiving the thanks of the people of Portola for his kindness in establishing a public watering trough on the road near the site of the old Searsville hotel.

A. L. Lowe, the candidate for auditor, was here during the week and made a good impression on the voters. Mr. Lowe will receive nearly all the votes in the Woodside precinct.

Supervisor John MacBain is receiving flattering commendations on all sides for the good roads he is constructing in these parts.

Many regrets are expressed at Portola and particularly the Family Club over the removal of Father Lacombe to San Francisco. He endeared himself to everyone here by his pleasant manner and devotion to his sacred calling. All are pleased however, over his promotion. He carries with him to his new field of labor the best wishes of all.

FROM THE COAST SIDE.

Joseph Rue and H. G. Selig have opened a garage on Main street, Halfmoon Bay. Mr. Selig was formerly engaged in automobile work in San Francisco, and is an expert in his line. Mr. Rue will have charge of the blacksmithing department, a line in which he already has a splendid local reputation.

Wrightson, Anderson & Yost, the coast side contractors, have fitted up the Steele store building at Marine View as an lodging house for their employees.

Halfmoon Bay and the other coastside communities were shocked today to learn of the death of Horace Newell Locke, which occurred at the St. Francis hospital in San Francisco yesterday. Locke was a well known farmer of the coastside section and the news of his death came as an extra shock as his mother, Mrs. Carrie A. Locke, passed away only last Saturday. The son underwent a critical operation on the day of his mother's death.

GHASTLY FIND MADE BY TWO BOYS IN WHITE OAKS TRACT

While walking through the White Oaks tract Tuesday morning, the two little sons of Fred Stothers of Arguello street, Redwood City, came across the body of a man lying on the ground under a tree Seeing that the man was dead, the boys hurried back to town and reported their weird find to Deputy Coroner John E. Layng.

An investigation showed that the man had ended his life by firing two bullets into his breast above the heart, a new 38 caliber revolver with two cartridges discharged being found beside the body. The body was well dressed.

Letters and papers in the suicide's pockets showed that his name was William Milligan and that he formerly lived in San Rafael. The letters contained messages to his sisters and brothers and directions for delivering same to whosoever might find his body, a receipt tag was found also, showing that the revolver was purchased from the Spiro Harness Company in San Francisco.

The sister of the deceased, Mrs. W. S. Rennie, was communicated with at Ross and she gave orders to have the body shipped to San Francisco.

Milligan was a native of Ireland, aged 51 years. It is said that at times he was adicted to excessive drinking, and it is presumed that he took his life during a fit of despondency. The deceased was formerly employed at the Watson place in White Oaks Tract.

Dr. H. G. Plymire held an inquest yesterday in the parlors of the Redwood City Undertaking Company. There were no new developments in the case. The verdict was that the deceased came to his death by his own hand, while in a state of mental derangement.

Publicity Produces Results.

An item headed "5,000 autos pass down the peninsula" sent to a trades journal by the Peninsula Industrial Commission, has been the means of locating a new industry at Redwood, thus strongly exemplifying the commission's claim that the use of news items as an advertising medium is the best method of calling attention to a community.

The item reached the office of the Shell Company, formerly known as the American Gasoline Company, through the agency of a news clipping bureau. Selling gasoline, naturally the company was interested, particularly as it is in the field as the avowed rival of Standard Oil. Such heavy auto travell guaranteed a heavy demand for the company's product, and the San Francisco representatives of the big English corporation immediately turned their attention "down the peninsula." A request that the trustees of Redwood grant them a permit to establish a distributing staton followed an investigation which showed that the peninsula gave them a district rich in prospects.

GAS AND ELECTRIC EMPLOYES MAY BECOME STOCKHOLDERS

The directors of the Pacific Gas and Electric Company, whose president, John A. Britton, is a resident of this city, have presented an opportunity to all employes of "Pacific Service" to become financially interested in the corporation by becoming shareholders in the new preferred stock issue upon the same terms and conditions as have been offered to the present stockholders. Briefly, the terms and conditions are as follows:

The stock is offered at an agreed price of $82.50 for each $100 share, payable, at the option of the purchaser, either in full or in installments spread over fifteen months; $5 upon application, $15 on or before August 15, 1914, and $12.50 upon each of the following dates, October 1, 1914, and January 1, April 1 and October 1, 1915. It is of record that the Railroad Commission, having jurisdiction over all stock issued of public utilities, has not only given its official consent to this present issue but speaks in the very highest terms of it.

This arrangement is in line with the profit-sharing policy that is being generally adopted by the big industrial corporations of the country. In the business houses of today the idea of bringing employer and employe closer together, or binding them, as it were, by ties of mutual interest is growing more and more in favor. In many corporations not only are plans being formed to enable employees to become stockholders, but employees' investment companies are being organized everywhere whose members have the amounts they wish to invest deducted from their weekly pay to be used for the purchase of their stock.

HUMAN NATURE IN CATS

"There is a good deal of human nature in cats," said our friend the Philosopher. "Take two kittens that have been brought up together. If they are sleepy they will curl up in the most amiable heap of fur you ever saw. But if you drop a piece of raw meat in front of their noses they will be spitting and growling at each other in a minute. They are perfectly friendly until they both want the same thing.

"Sometimes I think money is to some men what raw meat is to cats. They are good citizens and they love their neighbors and wouldn't have anybody in want if they could help it, but they bristle and stick up their backs and spit and scratch if they smell money.

"My wife never gives her cat raw meat. She says it spoils their dispositions.. I'd like to experiment along that line with some men I know."—S. F. Bulletin.

Sleeping, Wrecks Automobile

John Anderson, an employe of the Acme Garage in San Francisco, crashed into a telegraph pole while driving his machine on the county road near San Gregorio Saturday. The auto was smashed, but Anderson was not injured. He was asleep at the steering wheel when the accident happened, and says that he had been driving all night and was exhausted.

Rescued Drowning Boy.

Stanley Marcus, the son of Henry Marcus, the merchant, attempted a long-distance swimming feat at the Steinberger wharf Saturday and came near losing his life. He was seized by cramps and was in great danger of drowning, when Harry Pickett, a 15-year-old colored boy and a good swimmer went to his rescue. Pickett jumped into the water with his clothes on and succeeded in bringing young Marcus ashore after a desperate struggle.

Mr. and Mrs. Archer Kincaid and Mrs. Herman Mootz are enjoying an automobile trip to Santa Cruz.

WASHINGTON LETTER

(Special Correspondence.)

President Wilson's announcement that the widespread business depression of the country is merely "psychological" is simply piffle.

Following are some of the items to this "psychological" debacle:

A falling off of bank clearings in all leading financial centers.

Cessation of orders for steel amounting to nearly 50 per cent.

Four times the number of idle railroad cars as compared with May, 1913.

Tons of Lake Superior ore carried in May, 1914, 3,852,063, as against 7,284,212 tons carried in May, 1913.

Gross earnings of railroads, 11.42 per cent less than for May, 1913.

Building permits in 77 cities show a falling off of $22,271,249 in five months.

Commercial failures in May the largest for that month in 14 years.

Shipment abroad of more than $50,000,000 in gold during the first half of June.

The tariff has more than "psychology" to do with the business unrest.

Clothing No Cheaper.

Two of the biggest clothing manufacturers in the United States made their usual trip abroad recently and surprised their friends by staying much longer than usual. Their explanation was: "We need more time because we are going to buy so much more cloth in England than we have ever bought before. With the tariff changed, we shall buy in England a great deal that we have been buying from American manufacturers hitherto."

These manufacturers have not reduced the price of clothes. The consumer has not been benefitted.

Whereas formerly one American workingmen in a cloth mill was making the material which another American workingman later on purchased in his suit, now a workingman in England is making the cloth that the American workingman buys in the suit.

The money that one American worker earns and that used to formerly go to another American worker now goes to a worker in England.

We don't need "psychology," mere common sense, to know that kind of thing means trouble for the American worker.

The people have a right to know these facts. Knowing the facts and the conditions, the people will be prepared to pass judgment at the polls upon the politicians who are guilty of the serious crime of undermining American prosperity.

Every Industry Injured.

Since Wilson became President every industry in the country has been injured, particularly the following:

The sugar industry, both agricultural as to cane and beets, and the production of sugar from beets.
Iron and steel.
Lumber.
Wool growing.
Woolen manufactures.
Cotton manufactures.
Building.
Railroading.
Printing.
Leather.
Cars, carriages and wagons.
Furniture.

Pawnbrokers Flourishing.

Every industry but one has been hurt. It is said that pawnbrokers were never so flourishing, though the vast savings accumulated under fifteen years of protection have not yet been so depleted as to drive all to the pawnbrokers.

When it is remembered that the present tariff is only the "first step" of the free-traders, we can well contemplate with anxiety what a second and third step would bring.

There are 3,000,000 wage-earners working short hours or wholly unemployed in the country today.

Remedy at the Polls.

The first step toward remedying this fearful condition will be a protest by all protectionists at the polls next fall. The second step will be the election of a protectionist President and Congress in 1916. It is the only way to check further injury to every citizen of this country.

President Wilson has brought with him from Princeton the term "psychological," which has been overworked to explain anything and everything, but which doesn't always fill the bill.

It isn't psychology. It is Democratic legislation and policy. It is Democratic assaults on every sort of legitimate business enterprise which has reduced the earning and consuming power of the country.

Motorcycle Injures Man

John Garcia, aged 32 years, was run down by Joseph Smith, an employe at the Redwood City Garage Saturday evening and painfully injured. The accident happened on the County road near the city limits. Smith was riding rapdly. Garcia was on a motorcycle. The injured man was hurried to the office of Dr. Ross where it was found that he had suffered a compound fracture of the right leg below the knee. He was removed to the Red Cross Hospital at San Mateo and the broken bones set by Drs. Ross and Chapin. The injured man has since been resting easily and it is thought that he will recover in due time.

The hall in the McGarvey building, formerly used as a meeting place by the Christian Science Society has been leased for three years by B. W. Shelton for a billiard and pool parlor. It will be elegantly furnished and fitted up.

LA HONDA HOTEL WILL SOON BE REBUILT

MRS. SEARS PLANS TO ERECT NEW AND MODERN HOSTELRY ON PRESENT SITE.

Despite the Disaster, Summer Visitors Continue to Come and Enjoy Life in the Redwoods.

LA HONDA, July 29—This week La Honda is anything but happy, for our good Hotel La Honda, a popular resort for over forty years, is no more. A full report of the spectacular fire which destroyed it, appeared in last week's Times-Gazette. The comfortable hostelry was my happy home for over two years and I was wont to roam from its quaint old-fashioned attic to the stone cellar of the kitchen, and I delighted to linger in each and every room. I paced sadly enough, the county road, watching the cruel embers and rising smoke, as right merry auto parties, to and from the Kieffer ball, passed by, until the early morning. In the dim light of the dawn, the large, white fence posts in the back garden and the kitchen boilers standing, looked like monments and tombstones in a graveyard. But a resurrection is at hand and I am glad to know a new hotel will rise from the ruins—a modern building.

This place is by no means less lively because of our disaster. Many campers are coming. There was a dance at Sears' hall the night after the fire.

A heavy tarpaulin tent, for a temporary dining room, twenty-five by sixteen feet in size, has been erected and the guests are cared for in tents.

Among the many that will spend their vacation here, are Frank and Ben Zimmerman of Redwood City. A. H. McGill, telephone manager at Palo Alto, has phoned for a tent, to be occupied after August 1st, by himself, wife and their beautiful child.

A swimming pool has been established midway between Pioneer and Tanglewood camps, and many bathers, especially the young ladies, enjoy their daily dip. So bring your bathing suits.

Her numerous friends were glad to see Miss Edna Crane of Menlo Park here once again. This time she brought her father.

Mrs. E. A. Bernhard of San Francisco, daughter of Mr. and Mrs. E. W. Hause, of La Honda, and Mr. and Mrs. E. W. Hause Jr., and baby of San Francisco, occupy two well appointed tents in the grounds of "Rose Cottage," the home of the happy parents.

Walter Sullivan and Charles Nolan of San Francisco are at Fairmont and Standard camps. Mr. Sullivan's brother, A. A. Sullivan, chief deputy grain inspector of theSan Francisco Chamber of Commerce, will spend a few weeks here with his brother.

The new teacher, Miss Storey, formerly of Harrison, San Mateo county, has taken charge of our school and is now at the Woodruff.

Mrs. Ida J. Sears feels deeply indebted to those who assisted in removing the property of her boarders and her property from the hotel during he recent fire. She desires to publicly return thanks to all.

Mr. and Mrs. W. H. Pendergast from the city, and their two lovely daughters are about to leave us, but say they will certainly return next season. The young ladies are pictures of their mother.

Evidently Fraudulent Transfers.

Yesterday Recorder Heiner received a letter from the Mutual Loan and Realty Company of Seattle asking if deeds had been filed showing transfers of certain lots in a subdivision in this county known as the San Bruno Addition to San Francisco. An examination showed that four lots in such a tract had been recently sold to Ernest Carstens, Andrena Johnson and W. J. Schorgl, the latter purchasing two lots. The deeds were given by H. A. Lund, the buyers being residents of Seattle. An examination of the county records show that there is no such subdivision as the San Bruno Addition to San Francisco, and there is no evidence that H. A. Lund or his wife, if he has one, ever owned property in the county. The deeds are evidently fraudulent.

Peninsula Auto Procession

Frank L. Eksward, secretary of the San Mateo County Development Association, was watching the parade of 4000 automobiles pass up Market street in San Francisco the other day when he heard two bystanders remarking on the wonderful sight. "Why this is nothing at all to what we have down the peninsula every Sunday," said Eksward to one of the men. "The only way our parade down there differs from this one is that the machines are a little further apart and keep passing along all day. And they are motsly transbay machines."

J. R. Gibson has given up his clothes cleaning and dying business, claiming that the license is excessive. He will devote his time to his carpet cleaning work which is constantly increasing.

MAN WHO BROKE DINGEE DEAD AT SANTA CRUZ

F. W. Billing, who several years ago was associated with the late William Sickert in the Canyada Vineyard, passed away Thursday at Santa Cruz. The deceased was a native of Germany, and before coming to California he made an immense fortune in mining ventures in Utah. It is said that Billings was responsible for the crippled financial condition of W. J. Dingee, the capitalist, formerly of this city, who attempted to control the cement industry of the country. There was a bitter quarrel between the two capitalists and a fight which involved the destruction of either. Billings proved the cleverest manipulator and won the great battle, leaving his antagonist almost ruined

He leaves a wife, Mrs. Wilhelmina Billing, and a daughter, Mrs. Bertha Cope, and a granddaughter, Mrs. McKenzie Gordon, who forfeited her American citizenship to wed an Englishman.

Leslie Sampson has returned from his hunting trip in Mendocino county.

WASHINGTON LETTER

(Special Correspondence.)

Despite the unanimous demand in California and on the Pacific Coast that American ships engaged in coastwise traffic through the Panama Canal be exempted from tolls, three of the California Representatives supported in the House recently the repeal of free tolls.

These Congressmen are Kent, so-called Progressive, and now running for re-election to Congress from the First District as an "Independent," whatever that may mean in California or anywhere else; Kettner, Democrat from the Eleventh District, and Church, Democrat from the Seventh District. Kettner and Church are both candidates for re-election.

These men voted in the House for the Norris-Simmons amendment, which was a vote for repeal of free tolls. Thus we had the spectacle of one "Independent-Progressive" and two Democrats from California voting for repeal of free tolls, a policy to which practically the whole of the State is bitterly opposed.

Republicans Solid Against Repeal.

On the other hand, the California Republican Congressmen voted against the Norris-Simmons amendment and against repeal of free tolls. They were Representatives Kahn, Curry, Bell and Stephens. Representative Raker was the lone Democrat who stood true to his colors and the wishes of his constituents and voted with the Republicans against repeal of free tolls.

In the November elections it will be well for the future interest of the people of California in the House of Representatives to remember this vote and the stand taken by Kent, Kettner and Church.

In the House fight on the Norris-Simmons amendment Representative Kahn led the California opposition and bitterly assailed the repeal and the Wilson Administration.

Progressives Are Obstructionists.

Another illustration of the dog-in-the manger policy of the Progressives was shown recently in the vote in the House to concur in the Senate amendment to the Naval Appropriation Bill providing for a great new naval drydock to be constructed in San Francisco Bay. The amendment was bitterly fought by Representative Bryan, Progressive, of Washington State, and has been previously opposed by Representative Falconer, another Progressive of Washington. The Washington Republicans, Representatives Johnson, La Follette and Humphrey, voted for the amendment.

Truly, the alleged "Progressives" are really stand-patters when it comes to actual progressiveness in national legislation.

Democratic Tariff a Failure.

California voters next November will undoubtedly reflect before they vote in the Congressional elections on the miserable failure of the Wilson Administration—a failure in its foreign policy and the Mexican imbroglio—a failure in its tariff policy—a failure in its fiscal policies, and a most dismal failure all around.

California has suffered more than any other state under the Wilson Administration, as pointed out several times in this correspondence. Hardly a California industry that has not been seriously injured by the Democratic tariff law.

A Fraud and a Delusion.

The Democratic tariff law establishes free trade on most California agricultural products and establishes what Underwood calls a "competitive" tariff on manufactured goods.

The "competitive" tariff is plainly a fraud and a delusion.

It is theoretical nonsense. It means, theoretically, to lower the tariff just enough to let in a moderate quantity of foreign products for the purpose of lowering prices in this country.

If it were possible for the law to say it would apply only to importations of one million bushels of potatoes, ten million bushels of wheat, one million crates of eggs, twenty million yards of woolen goods, etc., there might be some sense to a "competitive" tariff. Such a scheme is impossible.

It is free trade, pure and simple, disguising itself under a false and alluring name.

The Democratic tariff hits every industry, every trade, every business.

Gradually the story of the Democratic tariff law and its effect is becoming known. The monthly instalments of official Government figures are but chapters of the same tale. Foreign goods to the value of $1,000,000 are coming to this country each working day of the week, that did not come under the former tariff law.

That is the price that the American producer is paying for the privilege of living under the Wilson-Underwood law, $1,000,000 a day.

The Warning and Lesson in This.

If any California banker, business man, professional man, farmer or member of organized labor, after seeing the disastrous failure of the Wilson administration, votes any ticket but the Republican in the November elections, we are sorry for him for giving his support to an Administration that is destroying the prosperity of the country more and more each day.

The married men of San Mateo county are rejoicing today. For once since woman's enfranchisement they have been given preference over their wives. After a long conference with his deputies yesterday, County Clerk J. H. Nash, decided that where the names of a husband and wife appear in the new voting register, hubby's name will be placed above the appellation of his better half. STRONG ENDORSEMENT FOR FRANKLIN SWART

One of the present county officers who deserves especially to be r turned to office by the people of the county this fall is our district attorney, Franklin Swart. He has given careful attention to all matters pertaining to his office, and everyone knows that he is a man of strict honesty and integrity. One thing in particular that the people of the county should be grateful to him for is the great help he has given at all times in connection with the good road work that is being carried on by our county at the present time Mr. Swart has not only attended to the heavy legal work required to properly carry forward this great improvement successfully but has always stood ready to help and has given much aid in other departments of the work as well. At the time when it was hard to sell the bonds to start this good work, he gave his personal time and aid, along with M. B. Johnson, working for this purpose, to bring about the sale of the bonds. His efforts contributed largely to the very successful conclusion of this work. Since then he has had a large amount of work to do in connection with the securing of new rights of way and attending to other legal work connected with this great undertaking. And one of the greatest points in his favor is that he has always worked in perfect harmony with all other departments connected with the enterprise. There is still a large amount of this work to be done with which he is thoroughly familiar and it is to the interest of the people of the country to give him a chance to finish this work. Let us return a good man to office by voting unanimously for Franklin Swart—Coast Side Comet.

On Saturday, August 15th, Atherton Wood, the beautiful grounds surrounding the home of Edward L. Eyre, Esq., of Atherton, will be the scene of a magnificent garden festival—a "Fete Champetre"—that will be the first and will probably prove to be the most brilliant of the end-of-the-season social events of the peninsula. Prominent among the features of the fete will be a "Push-cart Fair" and a children's program of wonderful games. The Push-cart Fair is an original and very striking form of rural festival. The carts to be used, about 24 in number, were built specially for the fete, each differing from the others in design. All will be gaily decorated. They will be in charge of a number of the prominent charming matrons of the peninsula. Each cart will be piled high with saleable articles and amongst the articles the eager buyer will find everything from a jar of home-made jam to the most delicate fabric. Each matron in charge of a cart will be assisted by four or five of the loveliest of our belles and debutantes —that is, if there is any comparison as to loveliness amongst them. They will act as vendors, and cold-blooded indeed will be the man—and no man, if he escapes with more than his watch-fob. For the children there will be games, shows, donkey rides, candy and cornucopias, and wonderful things to buy. For the politicians there will be voting contests, splendid chances for increasing popularity, and the wildest kind of guessing as to how the dear ladies are going to ballot at the primaries. As to this last, of course, a great deal will depend on the attendance of the office-seekers and the manner in which they behave at Atherton Wood on the afternoon of August 15th.

Archbishop Riordan has made many changes among the assistant pastors of the diocese, among them the promotion of Father George Lacombe of this place to be assistant pastor at Mission Dolores church in San Francisco. Many regrets are expressed at the removal of the popular priest, who was esteemed by all irrespective of creed. After his ordination at St. Patrick's Seminary four years ago he was appointed assistant here and during the years of his labors he made a great many friends who will regret to see him go. He is a devoted priest, a hard worker and a young man devoted to his calling. He took much interest in the sodalities, and in other church organizations. Father Lacome is a good preacher, a student of history and a splendid organizer. Father Lacombe carries with him to his new field the best wishes of the people of Menlo Park. He will be succeeded by Father McKeon, whose delicate health caused him to give up his work at Mission Dolores. He was ordained at St. Patrick's Seminary last June. Father McKeon is a young priest, possessing many sterling qualities. Father Lacombe will depart this morning for the scene of his future labors in San Francisco. He entered the seminary here when he was only thirteen years old, therefore it might be said that he passed the greater portion of his life in this community.

While playing tennis on the courts of the Menlo Country Club, Mrs. Maidie Elizabeth Borel, the charming girlish wife of Antone Borel Jr., son of the millionaire banker, came to the conclusion suddenly that she had a civic duty to perform, even though she wasn't a suffragette.

"I have got to register so I can vote and I had better do it right away lest I forget," exclaimed the young society woman, to the surprise of her friends. An effort was made to have her finish the tennis game, but Mrs. Borel ended the sport abruptly.

A few minutes later, her big limousine had carried Mrs. Borel to the office of County Clerk Nash in Redwood, where she registered.

Mrs. Borel knew that she was a Republican when asked what her party affiliation chanced to be. She had more difficulty, however, in stating her occupation. The registration clerk, who is a girl deputy, came to her rescue and it was agreed that "housewife" sounded best. At this point, the newest voter giggled and the ordeal of performing a civic duty ended.

The voters of the Third township, when they cast teir votes for Mr. McGarvey on August 25, will have do so for the right man, for the right place and they will have made no mistake by placing him in the office which he seeks.
